

# 12<sup>th</sup> International Beam Instrumentation Conference

## SPONSORSHIP AND EXHIBITION OPPORTUNITIES

*September 10 – 14*

# INTRODUCTION

IBIC is a fruitful and successful gathering of the world's beam instrumentation community, and it reflects the maturity of international collaboration in the field of beam instrumentation for accelerators. IBIC is dedicated to exploring the physics and engineering challenges of beam diagnostic and measurement techniques for particle accelerators worldwide.

The 12th International Beam Instrumentation Conference will be hosted by the Canadian Light Source, at TCU Place in beautiful downtown Saskatoon, September 10th - 14th, 2023. We are pleased to invite you to participate in this conference which brings together over 200 scientists who are active in the world's beam instrumentation community.

# INDUSTRIAL EXHIBITION

Don't miss this opportunity to present your company's latest products, services, and techniques in an intimate setting to a large, technically knowledgeable audience. The industry exhibition space in TCU Place will be arranged to provide maximal exposure to the conference delegates during the poster sessions and breaks.

The exhibit hours are Monday, September 11th, 2023, 9:00 am - 6:00 pm, Tuesday, September 12th, 2023, 9:00 am - 6:00 pm and Wednesday, September 13th, 2023, 9:00 - 3:00 pm.

The exhibition floor plan will be published after the registration deadline of May 31st, 2023. The final allocation of the exhibition space depends on the number and size of the applications received. The floor plans will be distributed to participating companies in June 2023, in the order in which applications were received with a request to select one of the exhibition slots still available and to finalize arrangements.

For general inquiries about the industrial exhibit, please contact Karen Turner at: karen@turnereventmanagement.com. Please note GST tax is not included and it should be settled in the country where the company is registered.

# IBIC EXHIBITOR MANUAL

## **Booth Etiquette:**

During exhibition opening hours, booths should be attended by an authorized representative, technically qualified to explain and demonstrate the equipment or services displayed. The conference reserves the right to remove any display that, because of noise or other objectionable features, distracts from the scientific and educational nature of the exhibit.

## **Subletting:**

Exhibitors will not be allowed to sublet booths or portions of booths to non-registered companies or individuals.

## **Compliance:**

The exhibitor assumes all responsibility for compliance with all pertinent ordinances, resolutions and codes of duly authorized local and national laws including fire, safety, and health, together with the rules and regulations of TCU Place.

## **Hold Harmless:**

The exhibitor assumes the entire responsibility and liability for losses, damages, and claims arising out of exhibitor's activities during the conference and will indemnify, defend, and hold harmless the conference organizer, its owner, and its management company, as well as their respective agents and employees from any and all such losses, damages, and claims.

## **Company Logo:**

All sponsors are required to supply an electronic version of their logo for inclusion in the conference program and IBIC 2023 website.
